

CEILING MOUNTED ACCESS PANEL with REMOVABLE DOOR - CAM LATCH

CAP-C

The **CAP-C** Series ceiling-mounted access panels are engineered to provide convenient access to HRV and ERV equipment installed in ceilings. Some key features include:

Removable Panel allows for quick and easy access to equipment for service.

Hardware: Zinc plated **Cam Latch**. Lockable option also available (see CAP-K).

Installation: Mounting holes on the internal frame allow secure installation to either steel or wood framing.
When framing, add 1/4" to A and B dimensions.

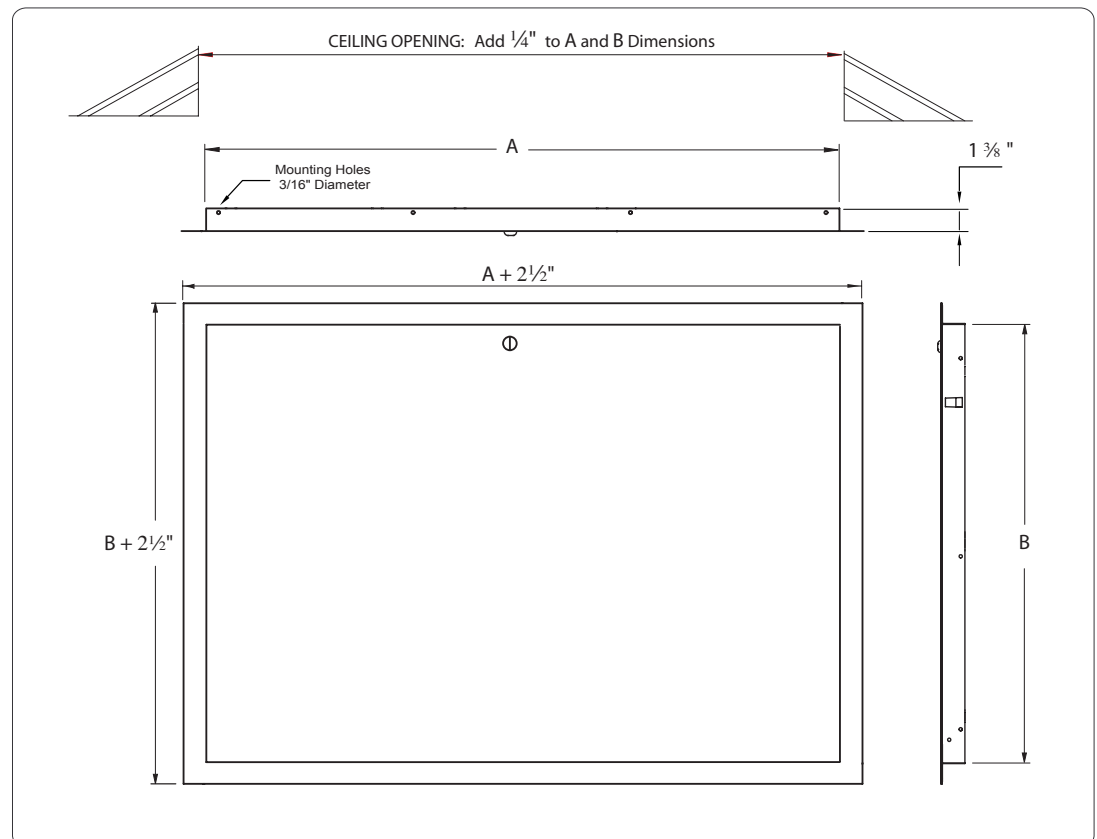

Material: Constructed from satin-coat steel (18-ga frame, 22-ga door).

Finish: 'White Sandtex' powder-coat provides a strong, durable surface. Custom colour matching available.

Sizing: Made-to-order in any size. Some common sizes are listed below. For very large sizing, please see CAP-D.

PRODUCT CODE	SIZE A x B Inches
CAP-C-3224	32x24
CAP-C-3624	36x24
CAP-C-3626	32x26
